Deepika (Thrissur & Kachi edition)

ities of many critical patients

MATRI PORECHA

For example, has rolled out five customer-centric schemes through various financial institutions. Customers can opt for low EMIs for the first three months and the balance amount in equal EMIs on loans with a tenure of three, four or five years.

In another scheme, customers can opt to pay a low EMI of 1,234 per lakh in the first year on a loan with a seven-year tenure. From the second year onwards, the EMI would increase by 11 per cent every year, till the end of the loan tenure. This scheme is valid for all Hyundai models.

Mahindra & Mahindra is also offering a scheme wherein buyers can purchase the vehicle on finance but pay EMI in 2021. The finance option would have a built-in moratorium of 180 days.

Immediately after lockdown is lifted, to sell 10 per cent of their stock of BS-IV emission norm-compliant vehicles.

The 10-day window was given by the court because the lockdown was imposed suddenly on March 25. The court had banned the sale of BS-IV vehicles from April 1.

The court had allowed the 10-day leeway to the dealers, except those in Delhi-NCR, to make good any loss they may have suffered due to the unexpected national lockdown.

However, on Wednesday, a three-judge Bench led by Justice Arun Mishra was surprised by sales figures submitted by the dealers. Justice Mishra said the figures show "more vehicles were sold during the lockdown" than post lockdown.

"Your (automobile dealers)

they may have suffered due to the unexpected national lockdown.

own figures show more BS-IV vehicles were sold during the lockdown. We allowed you to sell 10 per cent stock post lockdown on the condition that you would not sell them during the lockdown... By selling them online, you have taken advantage of the court's order and violated the lockdown also. You cannot play direct fraud on the court," Justice Mishra observed orally.

Senior advocate KV Vishwanathan, representing the interests of the auto dealers, maintained the sales were done online. He said there was no violation of the lockdown or the court order.

Justice Mishra warned the

down (before March 31). You cannot take advantage of a court order, it amounts to fraud. Why should we not recall our order," Justice Mishra posed.

The court in its order said the sole consideration for allowing an extra 10 days of sale of BS-IV stock was that the dealers would not sell the vehicles during the lockdown. Since their own figures show they have done so, the court said it was best to rescind its March 27 order.

The court further asked Additional Solicitor General Aishwarya Bhati to verify the vehicle transactions and registration done during the lockdown on the e-VAHAN portal.

On March 27, the court had ordered that the sold vehicles should be registered by the authorities by April 30, 2020.

moved 6.70 lakh cars by rail in the last six years

er 18 per cent. The first dispatch by double decker flexible rakes took place in March 14, it said. The increased focus on using railways has helped the company offset nearly 3,000 tonnes of CO2 emissions. In addition, over 100 million litres

of precious fossil fuel was saved, as the company could avoid over one-lakh truck trips by road, it said. In financial year 2019-20, over 1.78 lakh cars were dispatched by rail, a 15 per cent increase over previous year.

This accounts for nearly 12

per cent of total sales of the company in the year, MSIL said.

"Considering the increasing volumes, our team felt the need for largescale logistics flow. We realised, that not only for expansion but also for risk mitigation we have to look beyond road mode logistics,"

Kenichi Ayukawa, MD and CEO, MSIL said.

Maruti Suzuki, a pioneer in the use of railways to ferry finished vehicles, has come a long way from using single deck converted rakes to deploying high speed, high capacity new design double deck rakes.
