

Managing your Debit Card is now easier through our Digital Platforms

Manage your South Indian Bank Debit Card through SIB Mirror+, Mobile Banking Application & SIBerNet Internet Banking. Enjoy uninterrupted 24x7 online banking experience with best in class safety features.

- Apply for a new Debit Card or upgrade to a higher variant debit card.
- Manage your debit card PIN.
- Control debit card usage and set limits for specific spends.
 - Enable/Disable international transactions.
 - Enable/Disable debit card usage at ATM/PoS/Online/Contactless (NFC) channels.
 - Set custom limits for all debit card transaction channels.
- Block debit card at a click.

Tips for seamless Debit Card transaction experience:

- ✓ All New Debit Cards are enabled for ATM & POS Purchase Transactions in India. You can enable Online/eCommerce usage through our digital platforms before using debit card for purchases on Websites.
- ✓ Enable international usage on your debit card before using for international transactions.
- ✓ Facility of setting custom limit is enabled for all debit card transaction channels to provide enhanced safety and convenience.
- ✓ One Time Password (OTP) is not mandatory for transacting on some international websites & such transactions can be completed with limited debit card details (like Card number, expiry date/CVV etc). Reduced limits as per Table-1 below are applicable for transactions on international websites without OTP. Exercise caution while using your debit card/saving your card details on international websites by setting custom limits or by using enable/disable feature.

Card Variant	Maximum per day limit for international eCommerce transactions without OTP
Cards starting with 437549/528651/652187	Rs 5,000
Cards starting with 437570/409304/559726/652203	Rs 10,000
Cards starting with 526565/523675	Rs 15,000
